NOTICE OF PUBLIC WORKSHOP *For the Bay-Delta Water Rights Hearing*

September 20, 2001 – 9:00 am
Joe Serna Jr./Cal EPA Building
Sierra Room - Second Floor
1001 I Street, Sacramento

PROGRESS REPORT ON THE PHASE 8 NEGOTIATIONS

SUBJECT OF THE WORKSHOP

The purpose of this workshop will be to provide the State Water Resources Control Board (SWRCB) and the public with information concerning the current status of negotiations and plans to implement the flow dependent objectives contained in the 1995 Water Quality Control Plan for the San Francisco Bay/Sacramento-San Joaquin Delta Estuary (1995 Bay-Delta Plan). This workshop is the first in a series of public informational workshops that the SWRCB will conduct every six months to review progress in the negotiations to allocate responsibilities for meeting the objectives.

Hearing for a period of eighteen months and automatically dismisses Phase 8 at the end of eighteen months unless the SWRCB receives notice from the Department of Water Resources or the United States Bureau of Reclamation requesting resumption of Phase 8. During the stay, parties whose water rights might be amended after Phase 8, or after a similar hearing to allocate responsibility for meeting the objectives in the 1995 Bay-Delta Plan, are negotiating to establish their responsibilities. The workshop will consist of a detailed presentation by the negotiating parties on their progress toward completion of two workplans they are preparing. There will be opportunity for other interested parties to provide comment.

BACKGROUND

On April 6, 2001, the SWRCB adopted Order WR 2001-05. That order was part of a series of actions by the SWRCB to protect the beneficial uses of water in the Bay-Delta Estuary against the adverse effects of water diversions.

Order WR 2001-05 stays the resumption of Phase 8 of the Bay-Delta Water Rights

The workshop will be informal, but a court reporter will be present to prepare a transcript of the workshop. There will be no sworn testimony or cross-examination of participants, but SWRCB members and staff may ask clarifying questions.
